***** Fishing Rules *****

No Rules!

*****Fish caught on the day of the corporate challenge tournament on any NEFMA member boat whether fishing in the tournament or not, will count towards year end board points if the fish is caught according to Club rules.***

Boat Auction

There will be an auction following the captains meeting where all teams entered in the tournament will bet on their crew's fishing skills. The bidding will be open to everyone so you may buy any boat you think will win. Opening bids will be \$250.00 and increase in increments of no less than \$10.00. Should someone else out bid you for your boat, you will have the option of buying ½ your boat for ½ the winning bid and be entitled to ½ of any pot that your boat wins. When all boats are sold, and after the Marlin Club drags 15% as support for the club, the remaining monies will be paid out to the *win, place or show* boats.

If you win

First place will receive – 50% of the pot

If you place

Second place will receive – 30% of the pot

If you show

Third place will receive – 20% of the pot

***Boats that are not bought during the auction are not eligible to win the pot and the winner will be the next highest boat eligible.
